Work to do before 02/26 – 03/05
Goal filter all

Use recommended positions provided by league

Group by ADC + Supp

This week's goal:
1. We all need to use same packages and document which we are using.
2. Clean data so champions such as Jayce, Ziggs, Viktor basically champions not in League's recommendations will be cleaned out.
3. Clean out data so only Results and ADC champion and Supp champion remain.

Bonus:
Do Ashe:
3. Group Ashe and Alistar's Win rate against enemy adc + sup
        - Order enemy adc/sup in alphabetical order by enemy adc name
4. Group Ashe and Blitz….
